and Told**

By The Editor

V

I hear tales from pretty good sources that in some cases here in Grenada from 20 to 40 persons use the same toilet and the same bath. Science has established the number of persons who can, with safety to health, use the same toilet facilities. Certainly there is a limit to the number. If Grenada does not have laws limiting the number of persons using one toilet, then Grenada, in the interest of tenants and in the interest of the general public, should enact an ordinance which will take care of such conditions and then ENFORCE the ordinance.

There should be, in the interest of health and sanitation, a legal limit to the number of persons who can occupy a room, or, in other words, there should be fixed a legal minimum of cubic feet which ONE person should have to live in and breathe in. If there is no ordinance to that effect, such an ordinance should be passed, then ENFORCED.

Just because YOU have a room to yourself and have a private bath does not mean YOU will necessarily be exempt from the diseases and pestilence that might arise in another house. Flies and germs know no home. A fly can eat his breakfast in some unspeakably filthy place in the congested district. God Almighty has given the fly a pair of wings which he can use to propel himself to the dining table on Main, or Margin, or South, or home-brew alley. He—that is, the fly—will not in the meantime wash his hands or brush off his feet.

Have you ever seen maggots working in human excreta? I have, and right here in Grenada. It's not a pretty picture, may I tell you?

Summertime is here. Grenada's population is steadily increasing while its available living space is static. Doctors are overworked. Nurses are scarce. When EVERETT hand is needed at the wheel it is little short of criminal to take the chance on having some sort of an epidemic here.

Unless sanitary conditions are improved and improved rapidly, only God Almighty himself can prevent a terrible amount of preventable illness here.

I have read Tobacco Road and God's Little Acre. Their authors should come to Grenada where he could find conditions from which he could write a REAL book. Jester Lester of the first book and Ty Ty of the second never saw anything like could be seen here. The author wrote FICTION; Grenada has FACTS.

Those who gossip idly about this and that pertaining to movement of troops, kind and amount of equipment, and other matters which military leaders deem best to be quiet about, are unconsciously and innocently playing into the hands of the enemy.

It is almost axiomatic that every tale gets bigger and worse the more it is told. Repeating idle gossip is always a bad practice, but, in wartime, it is particularly bad. The very least that idle gossip can do is to undermine the confidence of the people in their wartime government, and to lower the morale of troops.

When you hear a wild tale, do not repeat it. Do not ask soldiers questions about military matters. Discourage others from doing these things.

Hitler's only chance of victory lies in the possibility of creating discord among his enemies and in undermining the confidence of his enemies in their own governments. You can help Hitler by talking too much, and you can help YOUR own cause by keeping your mouth closed. Which shall it be?

Everything above is, in my opinion, serious, and I do not believe any of it is exaggerated. I believe the matters merit the consideration of everyone who reads this column.

R. L. "Baby" Bingham has returned from the wars with an honorable discharge in his pocket, and will enter defense work shortly.

Mr. and Mrs. D. N. Campbell, of Nixon, Texas, are visiting Charlie Campbell and other relatives back here in the States.

The meeting of the Civic League at the home of Mrs. A. W. Stoes has been postponed until 3 p. m. Tuesday, May 18th.

And, still the candidates come!

Dear Mrs. Wright at Corpus Christi: we received the money all right, and are glad you enjoy the paper.

The Coca-Cola plant sustained minor damage by fire about 11 o'clock Wednesday night. Fortunately there was not another fire at the same time.

## A. Y. McBride Announces For Supt. of Education

To The Voters of Grenada County:

In announcing my candidacy for the office of County Superintendent of Education of Grenada County, I am fully acquainted with the duties and responsibilities of this important office. I feel like I am qualified both from training and experience to successfully perform thoroughly all the duties of this office. I think that the interest and welfare of every school child in Grenada County should come first, but I also think that due consideration should be given to every teacher, bus driver and especially the much neglected taxpayer who foots the bill. I have had enough experience with school children, teachers, bus drivers and taxpayers to deal fairly and just to all concerned. I understand the problems of school from a parent's standpoint, as I have three boys attending school.

I attended Mississippi State College for four years, working every year there to help pay expenses. I have a B. Sc. degree in Education from this College, and since graduation in 1925 I have done Graduate work for three summers, one at L. S. U. and the other two at Mississippi State College.

For the past fifteen years, I have been Superintendent of the Holcomb Consolidated High School. My record there will speak for itself. When I went to Holcomb in 1928 as Superintendent, two school buildings were to be found on the campus. The school was not affiliated, and the bonded indebtedness was \$12,000.56. Since 1928, by strict economy and wise management, the following buildings and additions, (with no increase in taxation, but a big reduction in millage) have been added: Agricultural building, Home Economics building, Artesian well, High School building, Lunch room building, Janitor's home and Gymnasium. All of the above additions have been paid for except the gymnasium. The total indebtedness of the School District is less than \$3,000.00 at present.

To my many friends and acquaintances of Grenada County who have expressed an interest in my race for this office, I humbly beg of them a kind word of commendation to those who do not know me personally and the things that I stand for.

I plan to see as many of you as possible. To those few that I may not see, I will greatly appreciate your vote and influence in my behalf for the office of Superintendent of Education.

If elected I promise to administer the affairs of this office fairly and efficiently to the very best of my ability.

Faithfully yours,  
A. Y. McBride

## Navy Men Visit Grenada Industries Saturday

A trio of men, representing the United States Navy, visited Grenada Industries, Inc. (which has some U. S. N. contracts) Saturday at 10 o'clock, as the shift changed, and again at 6 o'clock when the next shift changed and addressed the employees there, telling them in substance that the men and women working on material for the Navy were doing as important work as those actually in the battle zones, and following the talks showed the March of Time film which depicted hundreds of scenes during one day on the 1800-mile Russian front.

Captain Donald H. Carpenter of the United Marine Corps, Lt. J. M. Ryan, of the office of the Undersecretary of the USN, and Coxswain, R. E. Brown, late of Guadalcanal, and almost every other place made historic in the battle of the Pacific. Each of these men made a straight from the shoulder talk, delivered informally but very effectively. The film shown was composed of "shots" taken by over a hundred Russian cameramen during one day in Russia. It was stated that at least 18 cameramen engaged in this talk were killed that day. Members of the outgoing shift and the incoming shift—each of whom, by the way, is as vital a cog in the war machine as is the soldier or the sailor—gave close attention to the talks and seemed to be inspired to even better service at their assigned tasks for having heard these messages coming from Kleks, Guadalcanal, China, Australia and North Africa.

Several persons, not directly connected with Grenada Industries, were privileged to attend. Mr. I. E. Solar introduced Lt. Ryan, who introduced the other members of the party.

## Pearidge Cemetery Cleaning

The Pearidge Cemetery will be cleared off Saturday, May 29th. Everyone come and bring tools and a basket.

Me and Mike.

## D. W. Pickle Seeks Another Term As J. P.

Squire D. W. Pickle who has been dealing out shade tree justice to the people of Beat Four for the past four

years has let it be known that he wants to serve another term. Everybody out there knows the squire and it is not necessary for us to dwell further upon this subject.

## A. R. Dockery, Well Known Citizen, Died Tuesday

Following a heart attack sustained at his place of business, Mr. A. R. Dockery died Tuesday afternoon at Grenada Hospital where he was immediately taken after the attack. He had been in bad health several years, but still managed to look after his well-established City Service wholesale oil business.

He was a native of Kentucky, but came to Grenada nearly 30 years ago and worked as Cashier at the Ayr-Lord Tie Company at The Plant. Mr. Dockery was uniformly kind and courteous to his fellowmen and was honest and efficient in the conduct of his business in which he made a success.

He and Miss Rosilee Olson, daughter of one of the county's largest planters, Mr. August Olson, were married about 25 years ago. There were no children.

Funeral services were conducted Wednesday afternoon at the Dockery home at Glenwild by Rev. C. A. Pharr, pastor of the Presbyterian Church, after which interment was had in Woodlawn Memorial Park.

The pallbearers were Messrs. A. N. Rayburn, Lewis Weir, J. J. Nichols, Sr., L. C. Proby, Sr., B. C. Adams, Sr. and Barney Nichols, Sr. Sympathy is extended to his bereaved widow.

## More Registered Nurses Are Needed

The estimate of nurses needed in this war has already been set at a considerably higher figure. To make more registered nurses available for active duty, restrictions barring married nurses have been lifted, and age limits have been revised upward.

When the nurse is first assigned at the Hospital at Camp McCain, Mississippi, she is given a course in Army orientation—lectures covering military rules and regulations, discipline, courtesy and customs. Extra curricular study includes Army field manuals and technical training manuals, and every army nurse at Camp McCain is expected to be capable of going anywhere and setting up a new ward, with a minimum of time and materials.

Army life is not all hard work. The requirements of the Army nurse at Camp McCain are responsibility, continual foresight, devotion to duty, patience, tact and reassuring charm. Colonel Daniel C. Campbell, Surgeon at Camp McCain, says these requisites make a fine balance of hard work and healthful relaxation a "must" in the nurse's daily schedule at his modern well-equipped station hospital.

So when you see an Army nurse, remember that Doctors are healers of men; nurses are their right hands. The Army nurse shares the motto of nurses everywhere, "I Serve." In addition, she represents the front line of women at war. Wherever in the world our Army is fighting, the Army nurse is an integral part of it.

## Legion Meeting Friday Night

There will be a regular meeting of the American Legion Friday night, May 14th, 8 o'clock. Please be there. Billy Saunders, Commandant

FDR and Winston are brewing up a mess of pizen for the Three Horsemen, Mussa, Hitler and Hirohito.

## Sam J. Simmons, Jr. Seeks Reelection

The following is the announcement of Captain Sam Simmons, who seeks reelection to the office of County Superintendent of Education:

Camp Stewart, Ga., May 8, 1943 To the Citizens of Grenada and Grenada County:

After having secured permission from the War Department to announce for reelection to the office of County Superintendent of Education, I take this opportunity to announce formally for this important position.

Because I am in active service in the Army of the United States I will not be able to make an aggressive campaign. However, should the qualified electors favor me with reelection I will strive to continue my objectives of Economy, Efficiency, and Service.

During the past four years quite a bit of progress has been made in improving school buildings and transportation. Nearly all teachers' salaries and transportation bids have been increased. Increases in per capita and equalizing funds have been received from the state.

It has been the Democratic custom to conduct a successful administration with continuance in office.

On February 28, 1942, almost three months after the treacherous attack on Pearl Harbor, and Declaration of War by the United States, I answered the clarion call to active duty in the Army and am serving in a combat unit training for active service on foreign soil so that the American way of life, the economic and educational system may be preserved for posterity.

It has been customary to give NATIVE SONS first consideration for public office.

Respectfully submitted,  
SAM J. SIMMONS, Jr.

## Poppy Day In Grenada Saturday, May 29th

Poppies in tribute to America's battle dead of two wars will be worn in Grenada on Saturday, May 29, Mrs. Sarah McCorkle, President of Grenada Unit of the American Legion Auxiliary announced today.

The poppies this year will honor the men who have given their lives in the present conflict, as well as those who fell among the poppies of France and Belgium twenty-five years ago, she said. The money contributed for the flowers will be used for the welfare of victims of both wars and their families.

The Grenada Unit of the Auxiliary is making extensive preparations for the observance of Poppy Day here, this month. The little red flowers of remembrance will be available to everyone in the city, offered by volunteer workers from the Auxiliary who will be on the streets throughout the day.

The flowers, made of crepe paper in replica of the wild Flanders poppy, have been ordered from Guilford, where disabled veterans manufactured them under direction of the State Department of the Auxiliary. Poppy making has kept the hands of hundreds of these unfortunate men usefully employed during the winter and spring, helping them pass the long hospital hours and aiding in their rehabilitation.

More Americans than ever before are expected to wear poppies this year as a personal tribute to those who have been killed, and to aid the disabled, their families and the families of the dead.

## "Carpet Golf" Links Opened Wednesday

The Carpet Golf links, located just north of Grenada Theatre opened for the entertainment of the people of Grenada at 7 p. m. Wednesday. This is an improved form of miniature golf and permits a fellow to do a lot of shooting but not so damn much walking. It is owned and operated by Joe Neely, Jr.

## Flying Cadet Hector D. Lane, Jr. Killed In Crash

Flying Cadet Hector Dewitt Lane, Jr., was killed in plane crash at the advanced twin-engine bomber pilot school at Lubbock, Texas, Monday, May 10, 1943, and is being buried at Woodlawn Memorial Park this (Thursday) afternoon as we go to press.

He is the son of Mr. and Mrs. H. D. Lane, of Grenada, and was born in Asheville, N. C. on July 31, 1919. He was graduated from Grenada High School in 1937, after which he attended Mississippi State College. Joined the Mississippi National Guard in 1939 and as a member of Hq. Co. 114th F.A. Bn. (Grenada's "home" company) was drafted into Federal service and mobilized November 25, 1940. He later was transferred to the Air Corps, and at the time of his death, he was on the final lap leading to being commissioned. On May 9, 1941, he and Miss Vera Mullin of Grenada were married. "Heck", as he was familiarly known by a host of friends both here and in the army, thus becomes the first casualty of the original company that left Grenada under the leadership of Captain (now Major) J. E. Shaw in December, 1940.

The body arrived here on No. 1 this morning and was escorted to the home of his parents by a group from the local post of the American Legion. Services are being held at the Presbyterian Church by Rev. C. A. Pharr. Bobby Sharp, Chick Lockett, E. E. Penn, Jr. Jones Allison, Joe Neely, Jr. and Whyte Whitaker, Jr. are pallbearers. A firing squad furnished by Grenada Army Air Base was present to officiate.

Survivors are his widow and a small daughter, his parents, and a sister, Miss Jackie Lane, all of Grenada, to whom our sympathy is extended.

Thus the length of Grenada county's list of young men who died in their country's service increases.

## L. C. System Inaugurates New Truck Service

Citizens of Grenada and vicinity have no doubt noticed the Illinois Central trucks that have just started operation in this territory.

The Office of Defense Transportation has requested all railroads to load box cars containing less than car-load merchandise to a minimum of ten tons, thus releasing many cars for the movement of vital military and war supplies. Since it is not always possible to assemble ten tons of less-car-load merchandise without seriously delaying many shipments this truck service was established to serve such stations every day.

Grenada has been made a terminal point and will be served by three truck routes. Trucks will also accord daily service to and from intermediate points. Merchandise for Grenada proper and nearby points will be consolidated in box cars arriving shortly after midnight. These cars are being unloaded commencing at 3:00 a. m. so that both Grenada and nearby towns will have their merchandise shipments available in the early morning.

Route No. 1 will serve stations between Grenada and Memphis the southbound truck arriving Grenada about 11:00 a. m. and the northbound truck departing Grenada about 10:00 a. m. enroute to Memphis. Route No. 2 will serve stations between Grenada and Holly Springs leaving Grenada about 7:00 a. m. and returning to Grenada in the late afternoon. Route No. 3 will serve stations between Grenada and Durant. The northbound truck leaving Durant about 6:00 a. m. arriving Grenada about 9:00 a. m. and the southbound truck will leave Grenada about 1:00 p. m. reaching Durant about 4:00 p. m.

This service was inaugurated by the Illinois Central System to replace a similar service originally accorded by common carrier truck lines but voluntarily given up after a short period of operation.

This coordinated rail-truck service to and from Grenada is connected up at other terminals with other truck and car routes that will accord an excellent service to LCL traffic between Grenada and surrounding territory as well as all other points of origin and destination throughout the entire United States.

## Western Union Office To Move To Green Street

The Western Union office, which has occupied part of the Moody building on Main Street for many years, is scheduled to move into the Green Street building owned by the Nasos Estate (most recently occupied by Horton & Horton grocery department) on the 15th. If the many necessary repairs and improvements can be completed by that time.

Aint they sweet.

## MEN OF THE Infantry Division

The handling and movement of supplies is often the deciding factor between victory and defeat. It was true in wars gone by, it is even a greater truism in this present war when supplies must move across endless miles with heart-breaking obstacles every-

LT. COL. JOHN J. BROWN

foot of the way. The 87th Infantry Division has placed that matter in capable hands when it chose Lieutenant Colonel John J. Brown as its supply officer.

Colonel Brown was born in Texas on March 28, 1905. He graduated from Texas A. & M. in 1928, at which time he received his appointment as Second Lieutenant in the Field Artillery Officers' Reserve Corps.

He secured his Master's degree in textile engineering at North Carolina State College in 1929 and served as Textile research engineer for Borsen-Schrymer until November 1931, at which time he became Secretary of the Eastman Cotton Mills, Eastman, Georgia. In 1935 he went on duty with the Army as Company Commander of a Civilian Conservation Corps unit. He served a total of four years in the capacity of company commander and sub-district Inspector-Instructor, during which time he was ordered to Fort Sill, Oklahoma, where he completed the Battery Officers' Course in 1938. He was ordered to active duty November 1, 1940, as an instructor in the Department of Tactics, Field Artillery School, Fort Sill, Oklahoma, and served in that capacity until ordered to duty as G-4 with the 87th Infantry Division.

## Mrs. Kate Carroll, 91, Grenadian's Mother, Dead

Mrs. Kate Carroll, widow of the late Mr. R. L. Carroll, and the mother of Mrs. J. C. Calk of Grenada, died in Jackson, Mississippi on Tuesday, May 11, 1943, and was buried from the Baptist Church at Byhalla. She was a life long member of that church.

She was a life long resident of Byhalla until 3 years ago, when she came to Grenada to make her home with her only child, Mrs. J. C. Calk, the only member of her immediate family who survives.

At the time of going to press, no further details were available.

## Miss Inez Lupe Died Monday, May 10th

Friends in Grenada of Miss Inez Lupe will grieve to learn that she passed away at a Memphis Hospital on Monday, May 10, 1943. She graduated from the School of Nurses, Grenada Hospital and was a registered nurse. She made many friends throughout this section of the state by her gentle and efficient ministrations and her endearing personality.

Burial was held from the Baptist Church in her home town of Pope, Miss., on Tuesday.

## Dr. Hubert Flurry Dies

Mrs. W. A. Winter, of Grenada, and her sister, Mrs. Afton Smith, of Waterville Valley were called to Booneville last week because of the critical illness of their brother-in-law, Dr. Hubert Flurry. Dr. Flurry died on Wednesday, May 6. His death is a great loss to Prentiss County where he served as head of the Health Unit. Dr. Flurry was only 41 years old and it is indeed sad that his useful life ended so early.

## COME, GET 'EM

Please call and get original photographs which have been used in making cuts which have appeared in this paper. Every photograph which we have sent out has been returned to us in good condition, but we cannot be held responsible for their safekeeping forever. Come, get 'em.

#### IRIS CLUB MEETS

The handsome country home, "Evergreen" of Mrs. T. H. Meek, was thrown open to members of the Iris Club on Thursday of last week at 3:30 in the afternoon. Most appropriate decorations of lovely iris, roses and other spring flowers added their beauty to the reception rooms, and in addition to the planned decorations, the iris arranged as specimen for discussion on the program added their loveliness to the scene.

Mrs. J. K. Arent, president, presided. On the program were two popular speakers, Mrs. Will Hill, who gave an instructive talk on "Judging and grading" iris, using various species of iris to demonstrate points.

Mrs. Ethel Kimbrough Thiel gave a fine talk on "Iris Indispensable."

At this meeting the new officers were announced. The officers who served last year accepted the nomination and were duly elected as follows:

Mrs. J. K. Arent, President; Mrs. Will Hill, Vice President and Program Chairman; Mrs. Jay Gore, Treasurer; Mrs. R. L. Vandiver, Secretary.

The meeting date for the Iris Club is the first Thursday in every month.

At the close of the program the hostess served delectable chicken sandwiches, canapes, cookies and iced Coca-Cola. The club meets with Mrs. Arent next month.

#### ALL SAINTS AUXILIARY

All Saints Episcopal Auxiliary met at the home of Mrs. Whyte Whitaker Monday afternoon at 3:30. Mrs. Whitaker presided. Mrs. Sax Weir led the devotional. Mrs. Sherwood, Secretary, gave her report.

The Auxiliary voted to furnish one fellowship to Camp Bratton-Green and the Vestry will furnish one. Margaret Ann McCorkle was given a fellowship by the camp management.

Next Monday the Auxiliary will sew for Red Cross. Meeting at 2:30 in the afternoon. Benediction.

#### For Sale: Seed Peanuts FRENCH MARKET

Mrs. R. L. Vandiver spent Thursday last in Memphis.

Major and Mrs. J. E. Shaw and daughter, "Sis" arrived home Sunday from Fort Sill, Okla., where the Major has been for two months. They will be here for ten days.

Mrs. Alexander and little son, of Memphis, are guests of their parents and grandparents, Mr. and Mrs. Ward Alexander and Mrs. C. C. Province.

Mrs. Mollie McLeod was happy to have her children at home with her on Mother's Day. Those present were Mr. and Mrs. Clarence Burt and daughter, Jean Scott, of Memphis; Mr. and Mrs. Roy Burt and little daughter, of Winona, and Mrs. Donald McLeod, of Jackson, Tenn.

Friends are glad to see Miss Bessie Wood, clerk at the Grenada Bank, back home after a month's stay in Louisville because of illness.

Mrs. Sam Houston and baby daughter, of Birmingham, and Pvt. Ben Brown, from Fort Oglethorpe, Ga., arrived here for a visit with their parents, Mr. and Mrs. Ben Brown early this week. Pvt. Brown has returned to duty and Mrs. Houston and baby will be here for a longer visit.

Mrs. W. D. Singleton left Friday, April 30, to visit Mr. and Mrs. W. L. Greaver in Claremore, Okla. She planned to be away until May 11th as her granddaughter, Mabel Louise, is graduating this week.

#### Want to buy Peanuts and Table Peas. FRENCH MARKET

Pfc. C. D. Christopher, of Camp Shelby, is visiting his parents, Mr. and Mrs. R. E. Christopher this week.

Pvt. John Rufus Perry, stationed at an air base at Pensacola, Fla., was at home on Monday of this week.

Flight instructor, James Russell Lockett, who was injured in a plane crash near the Clarksdale Air Base about three weeks ago, has been dismissed from the Baptist Hospital in Memphis and has returned to his home in Clarksdale.

Our eldest child, Whyte Jr., now of Camp Bowie, Texas, but to report at the end of his furlough to Camp Hood, Texas, arrived home Monday for a nice visit.

#### TWO YEARS OLD

ROBERT WAYNE ALEXANDER

The above is a likeness of Robert Wayne Alexander, son of Mr. and Mrs. "Skeet" Alexander, of Memphis. He is grandson of Mr. and Mrs. Ward Alexander and of Mrs. C. C. Province.

Pvt. Edward Thomason, at present at New Orleans awaiting his orders to Officers' Training Camp in N. J., was at home the past week end visiting his parents, Mr. and Mrs. Jlon Thomason and family. Another son, Mr. Frank Thomason and wife, of Lucy, Tenn., were also here for a Mother's Day visit.

Mrs. Watson, of Whitehaven, Tenn., visited her sister, Miss Tommye Hamilton the past week-end.

Mrs. Lamar Chamberlain attended the piano recital given by her sister, Miss Helen Horton, senior at Belhaven College, Jackson, on Tuesday evening of this week. Mrs. E. L. Marders accompanied her on this trip.

Mr. and Mrs. Ed Meek Wagner and child visited their relatives here last week-end.

Miss Robbie Doak accompanied Mr. and Mrs. J. P. Fisher, of Jonestown, when they attended the Consecration of Bishop Gray at Jackson on Tuesday, May 10th.

Mrs. C. F. Farrar, of Washington, D. C., is visiting her daughters, Mesdames Harris and McKelvine and her sister, Mrs. Morgan.

Mr. and Mrs. N. S. Craig and children visited their relatives in Como on Sunday last.

#### Honey Drip and Hodo Seed for syrup. Jap Rib-bon Cane for syrup and silage. French Market

Pvt. William Pace, of Camp Pickett, Va. visited his homefolks here this past week, leaving on Thursday to return to camp.

Last week-end Mrs. B. J. Anderson was hostess to one of her mother's friends who lived in Grenada 50 years ago. The guest was Mrs. Malone, of New Orleans, the widow of Dr. Malone who was president of Grenada College 50 years ago. About thirteen years ago, Dr. Malone died and was buried in the cemetery in Grenada, and this visit to Grenada afforded Mrs. Malone the opportunity of visiting the sacred spot where her husband is buried. Mrs. Anderson's cousin, Mrs. Morgan, of Memphis, was here at this time also for a two day visit.

Mr. and Mrs. John Bailey spent Wednesday in Memphis on business.

Dr. and Mrs. S. B. Caruthers and Dr. and Mrs. J. K. Arent attended the State Medical meeting held in Jackson on Tuesday of this week.

Mr. and Mrs. James Scott and twins have returned home from a ten days vacation visit with relatives at Kansas City.

#### Mosby - Hastings - Paymaster and Dent Seed Corn. French Market

Mrs. Lottie Johnson, of Asheville, arrived Tuesday night to attend the funeral of her nephew, Aviation Cadet Heck Lane, Jr.

#### ATTEND WEDDING

Mr. and Mrs. Knox Pierce attended the marriage of their niece, Miss Edith Ruff to Dr. Thomas, May 5, at Tupelo. The groom is a brother of Miss Virginia Thomas, who taught here at Grenada College and is now an instructor at Millsaps College, Jackson.

Arlene, the sweet little daughter of Mr. and Mrs. Pierce, was flower girl. She wore a lovely pinafore dress of blue point d'esprit over blue and carried a Colonial nosegay of yellow daisies. Arlene went to Tupelo on Tuesday, her parents and little sister, Beatrice, attended the wedding and returned home after the ceremony, then on Sunday returned to Tupelo to bring Arlene home.

#### W. M. U. MEETS

The Woman's Mission Union of the First Baptist Church met in the home of members on Monday at 3 o'clock.

Circle No. 1 met with Mrs. J. D. Crenshaw.

Circle No. 2 with Mrs. Devine.

Circle No. 3 with Mrs. J. B. Peery.

Circle No. 4 with Mrs. Frank York.

Circle No. 5 with Mrs. Henry Ray.

Mrs. C. H. Calhoun is visiting in the home of her daughter, Mrs. C. H. Calhoun.

Mr. and Mrs. Cowles Horton and little daughter, of Louisville, Ky., arrived Saturday for a Mother's Day visit with parents. Attorney and Mrs. Cowles Horton. Mr. Horton has returned home leaving his wife and daughter for a longer visit here.

Mrs. Holcomb and her husband, William E. Holcomb, store keeper, second class with U. S. Coast Guards at Fort Lauderdale, Fla. are visiting their parents, Mr. and Mrs. E. Holcomb and Mr. and Mrs. Claud Shaw at Holcomb for ten days.

#### THE HOME FRONT

The chief grievance of most folks who want higher wages, bigger profits, higher prices seems to be the rising cost of food. To correct this, the OPA is moving to put ceilings over everything we eat.

Cuts of about 10 percent have been ordered in the retail prices of beef, veal, pork, lamb, mutton, coffee. These won't go into effect until June 1, but it's the beginning of a new price-control move. People who live by producing these foods will not find themselves caught in a squeeze, either, because the government is going to offer subsidies to maintain production.

#### SUBSIDIES WILL STABILIZE

This new plan will cost several hundred million dollars. But the government feels this will be less costly to the nation than making wage raises and allowing bigger profits which might benefit a few people temporarily but would, in the end, lead to ruinously high prices.

It's the most decisive step yet taken by OPA to hold down the cost of living. If it works, it will be as important as a military victory.

#### MANY LETTERS

The boys in uniform think there's nothing like a letter from home. Especially when they're overseas. And figures now-released show that they're getting four times as much mail as did the AEF at the peak of the World War, the average is 14 pieces of mail per week, per soldier.

That makes it mighty hard on those who are receiving less than the average.

#### CHECK FORGERS

The U. S. Secret Service has found thieves and forgers who are cashing government checks issued to dependents of soldiers and others who receive pay from the government. Folks whose mail is delivered at mail boxes when they are not at home should put locks on the boxes. Secret Service also advise against endorsing government checks before you're ready to cash them.

#### BLACK ANNIVERSARY

Just ten years ago, fanatical Nazis burned "un-German" books. It was a black day in Germany's intellectual history—a big day for the then young Nazi party.

As the crowd cheered, they denounced "un-German" authors. A drizzling rain fell on the bonfire, but 25,

000 books were consumed by the Nazi-fanned flames.

The Bible was burned. . . Also, the works of Sigmund Freud, Emil Ludwig, Erich Remarque, Karl Marx, Heinrich Heine, Thomas Mann, Einstein. . . And those by Hemingway, Jack London, and Helen Keller.

#### SOUTH MEETS QUOTA

Southern States were at the top in a report on collections of fats from the nation's kitchens. Florida was the first state to reach and exceed the quota established for it. Nosed out for a second place by a Western state, Tennessee came third.

Also, the South launched its quota of ships with American yards again breaking all previous records. Southern shipyards on the Atlantic launched 14 vessels, Gulf coast yards 15.

#### Resolution

WHEREAS, the Graysport Cooperative Gin has lost by death one of its directors and most loyal supporters of cotton improvement in this area, in the person of W. S. Wright, master farmer and outstanding citizen, and

THURSDAY, MAY 13, 1945

## First Things, First

Friday a small group of people met at the Legion Hut to discuss plans for finding more living quarters for hundreds of people who hope to live in Grenada.

Saturday I visited the part of Grenada Industries, Inc., that is devoted to war work. There I saw a group of people, most of whom were girls and grown women, performing tasks which are absolutely vital to the effort in this all out war.

Every day, I see wives of soldiers filling the cafes, filling almost all available living quarters and doing nothing toward winning the war. Either through choice or due to the fact that they are pregnant, most of these wives neither toil nor spin. They merely occupy quarters in a crowded community that should be used by these workers who are really contributing 8 hours per day of unremitting effort to winning the war in the making of war materials at the plant. These workers, in my opinion, should have preference in the division of available living quarters.

God knows, I have much sympathy with the soldier and his wife who naturally want to spend their time together before the soldier is sent to some unknown fate on a foreign battlefield. I went thru all of that in 1918. My wife and I wanted to be together and we were together until I left this country, but we did not compete with war workers for limited living quarters. God knows that if Grenada did not have vital war workers needing quiet and decent places to obtain well-earned rest, I would be the first to say, "Give the soldier and his wife a place to stay to enjoy the last few days, weeks or months together."

We as a nation are in greater danger today than in 1918. Our country has had to dig deeper into the barrel of human, monetary and material resources—with the end nowhere in sight—than we ever had to do during the last war.

Harsh and inhuman as it may sound to the soldiers affected, I cannot but say that first things, MUST come first, that the wives should stay at home and that the very limited living quarters available in this community would be occupied by persons who are doing something to win the war.

Grenada, in my opinion, has done the best it could for the huge number of temporary residents. Homes never before opened, have been opened. Some people are getting rich from rentals; some rent rooms for patriotic reasons. Let this bellyaching stop.

Get on the bandwagon with me and Conner.

Summertime is nearly here. Grenada is crowded beyond the expectation of anyone. There are places where from 40 to 50 people are using ONE toilet and one bath. Unless conditions are remedied, we are likely to have epidemics here this Summer.

## Chinese Soldiers Of 87th Entertained at Greenwood

Twenty American soldiers, of Chinese ancestry, with the 87th Infantry Division, who joined the Army to aid in defeating the Japs were royally entertained at a reception party given by the Chinese Association of Leflore County Sunday.

In charge of the group from the 87th were Lt. Col. R. L. Castor, a member of the General Staff, and Captain E. E. Paris, Division Special Services Officer. Among the Chinese boys present were Privates Tung, Chong, Gong, Kay, Yee, Hing, Wong, Lee, Look, Moo and Wuon.

The ceremonies conducted in Greenwood, Miss., began in the City Hall where Mr. Ray W. Joe, the Chinese Association chairman, introduced the soldiers to Chinese families. Both sides bowed low to each other in the traditional fashion of the land of the Dragon. From there the party proceeded to the local USO where they listened to a musical program arranged by Mr. E. Powell Lee, USO Club Director.

Col. Castor, in addressing the gathering, expressed his satisfaction, in the name of Major General P. W. Clarkson, Commanding General of the 87th, at the splendid manner in which the people of the community were co-operating in providing the soldiers with entertainment.

Later in the evening the 87th Infantry Division Officers and Chinese soldiers were served a complete Chinese meal. The entire program was broadcast over Radio Station WGRM.

## The Rural Press In The War

In a time of stress, such as the present, there is no one class, or no one calling which contributes more to the needs of the nation than the press, both rural and urban, but especially the rural.

Publishers and editors of country newspapers have exerted every possible effort in promoting all things needed in connection with the prosecution of the war to a successful end. Their newspaper space, both advertising and reading columns, has been at the command of all war activities and without a question of compensation. They have cooperated to the fullest extent, as they always do with anything for the good of the nation.

Partisan politics have had no place in that support. Democratic and Republican editors, as well as the politically independent and the neutrals, all have generously met each and every call for assistance in the war effort.

They have successfully promoted the sales of war bonds and stamps, of which the Treasury department has ample evidence. Their efforts have materially increased sales in their communities. It is not in space alone that they have contributed. Publishers and editors have also given of their time in heading sales drives, in promoting and perfecting local organizations and keeping back of them to the end that sales quotas be met or exceeded. Under their guidance and urge, people of rural America have done their full part in war financing.

These same publishers and editors pushed the Red Cross drive over the top in their communities. In such cases in which they were not active participants in the solicitation of funds for the Red Cross, they promoted the cause and those who were behind it. They made the meeting or exceeding of quotas a matter of "must" in their communities.

So it has been in each step in the war effort. Newspapers put the scrap drive across. In doing so, they kept the steel mills operating and made possible the uninterrupted production of ships, planes, tanks and guns. They have backed the victory garden move and added to the nation's food supply. They have aided in every activity that has been a part of the war effort.

Yes, the American rural press has contributed its full part to the nation's war effort and it was in all ways a major part.

Most country newspapers do commercial printing "on the side." By and large most of the country newspapers are operating at a loss and remain going concerns only from profits that they get from commercial printing.

Consideration should be given these facts by those who need printing done.

## Keep A Still Tongue

With the establishment of Camp McCain, and the 8th Infantry Division within this locality the people of the several communities are trusted with the added responsibility of observing a strict silence on all matters pertaining to the military affairs of the camp.

Information concerning the strength of the personnel, the quantity and type of equipment and movement of troops, are things which the enemy is constantly seeking. Idle gossip and careless rumors once started spread and spread until they will endanger the lives of soldiers and success of campaigns.

Don't be a rumor-passer! Safe-guard the lives of your own sons by keeping your mouth shut. This is not only a good habit to develop, but also a good policy to insure the success of our fighting men and the achievement of our goal.

Poor old city Water Fund!!!

they weren't much interested in talking to other people, but he is a Private in the Infantry, and they were married in Area 5 in a Catholic ceremony.

Margaret Finney was in the Corner.

## AH, SPRING!

The police Motter listed these items yesterday:

1. Dog barking, keeping neighbors awake; 2. Neighbors' chickens out, victory gardeners complain; 3. Boys and rocks—16 windows broken; 4. Horse loose on street; 5. Cats digging in a garden.

## Celebrates Anniversary Of First Troop Carrier

The Grenada Army Air Base celebrated the anniversary of the First Troop Carrier Command's first birthday April 30, 1943 with a dinner-dance at the Officers' Club. The party will be one of the most memorable affairs for all who attend. A southern fried chicken prepared under the able direction of Lt. Farrell and his staff, with a birthday cake on each table with one candle in honor of the command's first anniversary.

Lt. Col. Louis J. Wise made a short speech emphasizing the command's youth and importance in the war, and of the growing importance that this command will have in winning the war. At the same time Col. Wise commented on the cooperation of the 410th Sub-Depot, which although a member of the Air Service Command, works hand in hand with the personnel of the Air Base. This was further emphasized by the splendid work of Captain Kohler, of the 410th, who decorated the club with red, white, and blue trimming and a large drawing of the TOC insignia.

The music for the dance after the dinner was furnished by Cpl. Larry Maders of Camp McCain.

At the same time the enlisted men were also celebrating the event with a party in the 443rd's large mess hall. The party consisted of a dinner complete with birthday cakes, beer, ice cream, and entertainment. The entertainment was under the direction of Cpl. Syd Weinberg, who also acted as MC for the affair and Pvt. Lewis Iussak. After the entertainment which consisted of piano music and imitations of Adolf Hitler and other national figures the enlisted men attended the Base Theatre which held a late show especially for the occasion.

## EXECUTRIX'S NOTICE TO CREDITORS

Letters testamentary of the estate of J. G. Weeks, deceased, having been granted to the undersigned executrix of said estate by the Chancery Court of Grenada County, Mississippi, on the 10th day of May, 1943, notice is hereby given to all persons having claims against said estate to have same presented and registered by the Clerk of said Court within six months and that a failure to probate and register said claims for six months will bar same. Witness my signature this 12th day of May, 1943.

Mrs. Nannie Milner,  
Executrix.

## Just For Fun

(By Favorite Correspondent)

The 86th Infantry really gave a superb party last Saturday night at their Club, honoring Maj. Gen. Lucas, Third Corps Commander, Maj. Gen. Clarkson, and Brig. Gen. McGee, Assistant Division Commander.

The Mess Hall was newly decorated for the summer, with a new side porch for extra room and coolness. Festivities began with dinner at eight, and the band played all throughout the meal. Fresh spring bouquets were on the tables. General Lucas even smoked the traditional corn cob pipe.

After the dinner, the band played for dancing, and a little later on in the evening there was a floor show. Sgt. Melkela was the first "attraction" of the evening, and he sang "On the Road to Mandalay," "How Ireland Got Its Name," and "Without a Song." He, like the rest of the entertainers, was very much enjoyed.

The next headline event was Sgt. Kaplan, who played "Tea for Two" and "Concerto in B Flat Minor" on the piano.

Then one of the most applauded performers, one Private whose name I regret to have forgotten, sang "As Time Goes By" and "Murder, He Says."

The last number was a "soft-shoe" dance by Lt. Willis Townsend. His other number was an interpretation of the Congo.

At that same party, Lt. Egerton won a little money for that glass bank of his. He, one of the lads who's vying for the honor of "the most scared up man" of the Ranger School, Lt. Adams runs a close second—but he got a little dignity with his—have you noticed the statue?

So that pretty well writes up the 349th on Saturday.

To pass to a more serious vein. All the townspeople and the McCainites who know the Lane family here in Grenada sympathize very deeply with them in the loss of their son, Hector Lane, this Monday in an airplane accident in Texas. Details will be found elsewhere in this paper.

There is no studied connection or phrases of transition between items in this column, so don't consider it sacrilegious if we skip to a wedding. We were sitting in "Tom's Cafe", a very popular new spot in Grenada one block off the square, when a bride and groom came in. The bride was in white with a veil and everything, and her attendant was in soft blue. We couldn't get up the nerve to ask their names, so

Drug buying some new "femme fatale" perfume, to further lure that blond Lieutenant with—and from what we hear she just doesn't need that—she's a darling girl.

After another delicious dinner out at the good Captain's last Saturday, I am entirely convinced that Mrs. Trice is one of the best cooks I've ever seen. She has one speciality, "butter roll" that melt in your mouth, and just what

away any noble ideas of dieting you ever had.

Tommie Darras reported to Camp Shelby this Monday for the final examination before induction in the Army. All last year Tommie kept trying to enlist in the Army, and was repeatedly notified that he would never be eligible for military service. And suddenly they call him to Shelby. It is certainly confusing.

"EARLY COAL BUYING  
IS A CONTRIBUTION TO  
THE WAR EFFORT"

—DWIGHT H. GREEN  
Governor of Illinois

The war has brought many changes in our way of living. We cannot have all the things we have been accustomed to enjoy. The needs of our fighting forces come first. Certain things are rationed. Many of our buying habits have changed.

Ordinarily the buying of coal is seasonal. There is a definite slump during the warmer months, and with the approach of cooler weather the demand swings upward.

In peace this seasonal variation is not disturbing. But war makes a difference.

The unusual activities that are inevitable with war bring additional burdens, many of them heavy. It becomes important, therefore, to level the peaks and valleys in the movement of coal.

All patriotic citizens will appreciate the significance of Governor Green's suggestion to buy coal early. It is a contribution to the war effort everybody can make.

The Illinois Central Railroad, as one of the nation's main coal carriers, urges you to anticipate your needs and buy early.

J. L. BEVEN, President

ILLINOIS CENTRAL SYSTEM  
One of America's Railroads—All United for Victory

## History Of Grenada Chapter U. D. C.

I have been asked repeatedly to write the History of Grenada Chapter U. D. C. and today it seems mandatory.

In the early days of this century there was a thriving Chapter of the United Daughters of the Confederacy in the town of Grenada, "The Dixie Chapter." By some cause unknown to the writer, the Chapter died about 1910.

In 1934, Mrs. John L. Heiss (Division President) made a visit to the Northern part of the State. While in my home, she urged that we recognize an effort was made to carry out her wishes; the time, however, did not prove propitious. Two years later, after a winter in Biloxi, an old friend, Mrs. C. F. Robinson (an unreconstructed "rebel") said to me, "A Division Convention is to be held here in a few weeks. Why not go home, organize a Chapter, and come back to the Convention." I caught the spirit of that wonderful old daughter of the South; rushed home; got busy; and, on May 4, 1936, in my home, "The Bold Dark Deed was done"; Grenada Chapter, with eleven Charter Members, came into being; officers were elected; and the next day, found the delegate to the convention seated in that body of splendid women. At once, Grenada Chapter was dubbed the "Baby Chapter." Immediately Mrs. Heiss claimed her "Baby". Now, if I mistake not, that Baby is still the Division's Baby, walking around.

Mrs. J. W. Jordan was elected president, serving most loyally for five years. On moving to her birth place, on her parents' plantation, the inconvenience of transportation necessitated her resignation. Her mantle fell on my unworthy shoulders. Our original and incomparable Recording Secretary, Mrs. G. D. Thompson, is still faithfully serving in her own big way, and keeps us going.

This spring, the Historian decided for the April meeting, to get the Principal of our High School to make a talk on "Confederate Decoration Day," the most graciously consented, but suggested that he ask one of the High School Boys to deliver the speech. Rogers Pleasant, a splendid member of the Senior Class, my neighbor and friend, was selected to make the declaration. This he did in true Southern style, at Chapel exercise, to the delight of the Student Body and members of the U. D. C. Chapter. I wish every daughter could have heard him. His rendition covered both Mr. Hawthorn and himself with glory. With his sketch, I am inclosing the speech for the next number of "Our Heritage." Truly was it a happy day to the Grenada Chapter.

Both the president and Mrs. Ruby Hudson represented the Chapter at Mississippi Division Annual Convention which met at Jackson, (Robert E. Lee Hotel) last week and express themselves as having a wonderful time, the former being elected 1st vice-president, Miss. Division.

Fannie Baker Morrison,  
Pres. Grenada Chapter.

## Notice To Citizens Of The City Of Grenada

The Board of Aldermen voted unanimously at April meeting to discontinue summer water rates. At present there is tremendous drain on our water supply, and it appears very much as though we are going to be forced to bore another well in the very near future. Our supply of water is not inexhaustible and it is necessary that we conserve our present supply or drill another well this summer.

One year ago one of our wells was pumping 750 gallons per minute and today that same well is pumping 640 gallons per minute, so you can readily see how our water supply is being reduced.

We hope you will understand the seriousness of this situation.

J. C. PROBY, Mayor.

## "Abe" Linker Seeks Highway Commissionership

To The Voters of Grenada County:

After literally thousands of solicitations from all over the Northern District I have consented to enter the race for Highway Commissioner.

I will state in the beginning that I have long since offered my services to my Government for any place they can use me, either in or out of the United States. I am primarily interested in winning this war and should I be called by my Government to serve in any place I shall gladly answer the call.

Most of you no doubt recall that when I first became your commissioner I did not get into it for the compensation of salary then attached to

it. Since at that time it carried a compensation or salary whatsoever, I was elected to serve for four years without pay and was not responsible for the law being changed the following year making it a three-man Commission and carrying some compensation with it. There was some argument at that time as to the constitutionality of legislating the eight-man Commission out of office and setting up a three-man Commission. Each member of the eight-man Commission placed his resignation in the hands of the Governor to become effective if and when a successor was elected. Each of us was glad to do this in order to eliminate any controversy with reference to the constitutionality of the new law and to cooperate with the Governor and Legislature in putting Mississippi out of the mud.

I shall not attempt to tell the people of the Northern District that (even though I was a member of the Commission when all the laws were enacted giving Mississippi a good road system and providing funds for same) it was my "foresightedness," "wisdom," "honesty" or "strict economy" that made funds available for paying of interest, bonds and sufficient funds for the maintenance of highways. The Legislature set the machinery in motion to collect and distribute the revenues collected and told (not asked) the Highway Department and counties how it could be divided.

I recall that when I first went with the State Highway Department the total revenues for the entire state annually were approximately three million dollars. Since we paved practically all of the priority roads the annual revenues have increased approximately five times that amount or fifteen million dollars.

I am proud of the minor part I had in getting Mississippi out of the mud and increasing the revenues but neither past or present Commissioners were responsible for the laws enacted by the Legislature.

I feel the people know me and my record and I am making this race strictly on my own merits and if you see fit to elect me as your Commissioner again I shall endeavor to give you the best I have and I do feel I know your road problems and how to give you and get for you a dollar's worth of roads for every dollar spent.

I have no political machine or organization and shall not so much as express my preference for any office whatsoever "whether any other candidate for any other office leaves me alone or not." It shall be my purpose to cooperate in every way possible with the Administration you select to serve you during the next four years.

My race is strictly in the hands of my friends and I shall abide by your decision most graciously.

Yours for better roads,

F. L. "ABE" LINKER.

Mrs. Henry Allen, of Birmingham, visited her friend, Mrs. J. B. Williams, Jr. this week. From here she will go to Water Valley to visit her parents, Mr. and Mrs. Robert McLarty.

## Frank C. Horton Made First Lieutenant

Promotion of 2nd Lieutenant Frank C. Horton to the rank of First Lieutenant is announced by Col. James A. Ellison, Commanding Officer of the Air Transport Command at Houlton, Maine. Lieut. Horton is the son of Mr. and Mrs. S. H. Horton, of Grenada.

Lieut. Horton entered the Army in February, 1942, at Camp Shelby, Miss. After serving for several months as an enlisted man he attended the Air Corps Administration Officers' Candidate School at Miami Beach, Fla., graduating with the Commission of 2nd Lieutenant in September, 1942.

As an officer he has served at several stations, and is now assistant to Major John T. Crowell as Operations Officer of the Arctic Processing Center, 378th AB and AB Squad.

Lieut. Horton holds the B. and L. L. B. degrees from the University of Mississippi at Oxford. Miss. Lieut. and Mrs. Horton at present are making their home in Houlton, Maine.

## Landlords May Petition For Additional Rent, Says OPA

The Grenada Defense Rental Area Office announces that an amendment to the Maximum Rent Regulations provides that the landlord may petition for an increase in the maximum rent on the following conditions:

There has been since the Maximum Rent date either:

(1) A substantial increase in the number of sub-tenants or other persons occupying the above accommodations or a part thereof under a rental agreement with the tenant; or

(2) A substantial increase in the number of occupants of the above accommodations in excess of normal occupancy for that class of accommodations on the Maximum Rent date; or

(3) An increase in the number of occupants of the above accommodations over the number contemplated by the rental agreement on the date determining the Maximum Rent, where the landlord on that date had a regular and definite practice of fixing different rents for the accommodations for different numbers of occupants.

Prior to this amendment only those structures that were predominantly subtenanted were subject to increase rental to the landlord but this amendment makes it possible for a greater number of landlords to share with the tenants the revenue paid by the subtenants.

Landlords wishing to avail themselves of the provisions of this amendment may obtain forms and supply the Area Rent Office with all the information and upon investigation the new maximum rent may be established by the Area Office.

## New Officers Of Lions Club

The following officers have been elected by the Lions Club, and will take office July 1:

President, O. L. Kimborough; 1st V. P., Marshall Perry; 2nd V. P., Lloyd Lott; 3rd V. P., W. A. McCool; Secretary, W. L. Robinson; Tall Twister, Cecil Jones; Lion Tamer, "Red" Briscoe; Song Leader, Leroy Moore and Frank Jones, Publicity Director.

Directors will be J. H. Neely, Enoch Godbold, G. F. Deaton and R. H. Lorton.

## Quiggins Completes Primary Flying Training

Aviation Cadet Richard S. Quiggins, grandson of Mr. and Mrs. Sam C. Mims, of Sulder Street, has completed his primary flying training training at the Seventh Army Air Forces Flying Training Detachment, Oxnard, Calif. He is now receiving his basic instructions at the Lemoore Army Flying School, Lemoore, California.

While training at the Seventh Army Air Forces Flying Training Detachment, Cadet Quiggins received the Gold Star for having a perfect flying record. He also participated in all athletic activities while on this post.

## Battle Inoculation Training Begun By 87th

Young sturdy recruits struggled and strained much harder than usual last Saturday as a select group of Officers and soldiers of the 87th Infantry Division, commanded by Maj. Gen. P. W. Clarkson, began a series of Battle Inoculation trainings to prepare them to act as instructors in the art of "rough and tumble", "kill or be killed" combat.

These picked men will be trained so that they may aid in instilling in all men of their organization the self confidence and aggressive spirit which will overcome the initial shock of battle.

The school, at Camp McCain, is under the direction of Brig. Gen. John L. McKee, assistant Division Commander, who is assisted by Lt. Col. Walter R. Goodrich, plans and training officer, and Lt. Jerry Marter, aide de camp to General McKee.

The students are receiving training in every form of the knock-down and drag-out fighting which has been reported from the many world-wide battle fronts as essential ingredients to the make-up of a successful soldier. It varies from crawling under barbed wire to disarming a man with a rifle

or a bayonet, a training which these students will pass on to their own units.

The course will continue each Saturday for one month at the end of which time these men will participate in the final test—that of advancing under actual machine-gun fire.

Some of the more pleasant subjects which the course will include are: hand to hand combat; technique of falling; wrist escapes and blows; crawling under wire entanglements; front and rear strangle; disarming an opponent who poses a rifle or knife; the knife kill; use of demolitions; how to detect booby traps and to disarm them; the construction and use of an improved toggle rope bridge; the technique of stream crossing and village fighting and infiltration.

## TO TRUCK DEALERS:

Pursuant to an order of the Board of Supervisors entered at its May Term, 1943, you are invited to submit bids to sell and deliver to Beat Four Separate Road District One used 1937 Model Chevrolet Truck; said bids to be submitted before the 1st Monday of June, 1943. The Board reserving the right to reject any and all bids. This the 5th day of May, 1943.

J. P. PRESSGROVE, Clerk.

## HANKINS, A CANDIDATE

Mr. D. F. Hankins of Beat Three post of runs a definite candidate for flower representative from Grenada and Montgomery counties. His formal announcement will appear later.

Dr. and Mrs. L. E. Long left today for a ten-days visit to Chicago.

Dr. J. R. Furr and wife, of Pomona, California, spent Wednesday with their brother and sister, Dr. and Mrs. L. E. Long.

## Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy. . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' — Secretary Morgenthau.

# THE SHREDS OF ENERGY

The little grain of wheat is gently tucked in the good earth by the kind faced old farmer, who has also put thousands of little brothers and sisters of the grain to bed where they die in order to spring forth again to a new life in a different form. The farmer has patiently prepared and enriched the soil and put the babies to bed; but now he has come to the end of his row.

## They Die To Live Again

Yes, the little grains of wheat, buried in the ground, die; and after a few days come forth new creatures, full of new life and energy. The gentle rains keep them watered and the sun kisses them and helps them grow. The summer breeze plays with them and keeps them fit.

## New Life And Energy

The wheat is now full grown and ripe and each grain that was put to bed has multiplied many times and brought forth much fruit, full of energy to help mankind eat and live.

'Tis wisdom to know the strength of wheat, to eat it whole—the bran coat, the heart, all the richness of the kernel. It helps to build strong bones and lively muscle.

## Fifty Years Helping To Build

Fifty years ago, a process was invented that brought WHOLE WHEAT with its goodness to the Nation's breakfast table in ready-to-eat form—NABISCO SHREDDED WHEAT. A tasty crisp, golden biscuit. It began as 100 percent Whole Wheat, it is the same today. A great energy food prepared by the National Biscuit Company. Each package has a picture of Niagara Falls and you'll easily recognize it, especially when you visit our store this week and see the large display on sale.

## An Apology

We apologize for selling out of so much fresh vegetables and fruits last Saturday. We started the day with usual supply but on account of the large increase in our business, we ran short of some merchandise. The supply is plentiful this week, also we have three cashiers ready to serve you.

# VOLLIE'S SUPER MARKET

By The Editor

V

I was not joking about needing about 100 corn (not mubbin) cobs to use as stoppers for a lot of jugs I have accumulated. Max Yeager said he sacked some up, but did not get here with them. Are ALL my farmer friends feeding on shelled corn from Indians, and using boiled meal milled in Memphis?

I understand the board of mayor and aldermen have abandoned the stop and go light just beyond the Baptist church and installed a blinker light. That will probably serve the purpose—slowing down traffic in the long stretch between the Thomas home and 51 Highway.

You all will have to struggle along without much editorial advice this week, as I have been sick with a cold.

Lots of latrine gossip coming in from the camp. It is always well, both from a sanitary and a statistical standpoint, to take a couple of ounces of salt with what you hear at the latrine. Idle gossip plays into the hands of Hitler.

WANTED: a strong stimulant. A Hitler.

Mr. Horn revised our mailing list Saturday last and added 53 new names to the list, representing the gain of about 4 or 5 weeks. 16 new ones were added to that number from last Saturday to today (Wednesday). That ought to mean something.

Here Mr. Top, do you guess that feller has got over his burns yet?

What's the use anyway of my writing editorials when Mr. Volle can punch hit?

The old lady and I celebrated our 25th anniversary on Mother's Day. There has never been a better wife and mother than Mabel.

I had a big tale, already written on the typewriter, about the new two-way radio station secured largely through the efforts of Captain Burns Tatum, and I'll swear it never got to the paper and I'll be damned if I know what became of the article. Guess I will blame it on Horn and Greenfield.

I thought that the crop of candidates was complete and here come three or four more. People are so patriotic, I guess, that nobody will ever have to be drafted for public office.

Aint they sweet.

These four "aint they sweets" whose pictures we carried several weeks ago have "passed the state board" and are now graduate nurses.

After all of this easy money and high wages, it will take this community a generation to get over the army camp.

Jim Keeton, who helped me and Pershing win the last war, is what you might call a lamb (ram) returned to the fold, having recently rejoined the GOW's happy family.

Attention is invited to a statement from the Mayor about the water supply here. I think the Council was exactly right about stopping the practice of giving water away during summer months. I voted against it—to no avail—every time the proposition came up when I was on the Council.

The war must be getting serious as Cpl. Andrew D. Whitaker has spent over 10 days continuously in camp.

At least six Grenada boys have given their lives; all YOU need to do is to LEND your dollars.

Posey Gant, one of our subscribers, has got one stripe, making the first stride in what we hope will be a long climb.

Corporal Spears, USA Air Corps, of Kessler Field has been visiting his folks in Grenada. He looks fine, as if army life was not hurting him.

Grenada was represented at the meeting of the Mississippi Division, U. D. C. at Jackson last week by Mesdames S. A. Morrison and Ruby Hudson. Mrs. Morrison refused to accept the presidency of the organization but consented to accept the first vice-presidency.

A white lady of more than the ordinary financial means thought \$1.93 was too much to pay for the dressed chicken, but a colored woman stepped up and said, "I'll take it," which shows that Grenada is running over with money.

I started to say, "Pay your subscription," but most of those who have not have been lopped off the list to make room for those who have paid.

It's Me and Mike again.

## J. S. VANDIVER

Candidate For Re-Election  
STATE SUPERINTENDENT OF  
PUBLIC EDUCATION

To The People of Mississippi:

In announcing for re-election to the office of Superintendent of Public Education, I want to thank the people of Mississippi for the majority of 37,256 votes by which they endorsed our administration four years ago. I shall always be grateful for the confidence they have placed in me and for their support during my eight years in office.

We have administered school finances without favoritism. Every pupil in the public schools is now furnished with free text books.

Since Pearl Harbor, the State Department of Education has given first consideration to the adjustments of school programs to the war effort. Our schools have been adjusted to meet the needs of the people under war conditions. In 1942 alone, our Vocational Schools trained more than 23,000 persons in farm machinery repair, and more than 100,000 pieces of farm equipment were repaired.

My experience includes successful administration in every type of public school in our State. My experience in office will be of untold value in meeting the problems confronting education during the remainder of the war and in adjustment to the peace that will follow. There has never been a time when experience counted so much as now. THIS IS NO TIME TO EXPERIMENT.

On my official record and my successful experience, I earnestly solicit your support in my re-election.

Respectfully,  
J. S. VANDIVER,  
State Supt. of Public Education.

### GUARDIAN'S SALE OF REAL PROPERTY

By virtue of a certain decree of the Chancery Court of Grenada County, Mississippi, in cause No. 5609, entitled In Re Estates of George M. Garner, Jr. and Wade Stokes Garner, Minors at its April, 1943 term, the undersigned guardian of said minors will on Saturday, June 5, 1943 within legal hours at the Courthouse in Grenada in said County and State offer for sale and sell to the highest bidder, for cash, the following property, to-wit:

(1.) That certain real property substantially described in that certain deed executed to R. H. Stokes by R. W. Sharp and wife dated March 19, 1912, recorded in Book GG page 573 et seq. of the Deed Records of said County, as

Part of Lot 1 in Green Crowder's Survey, West Ward of Grenada in Grenada County, Mississippi, beginning 134½ feet east of southwest corner of said Lot 1, running east parallel with Harvey Street about 241 feet to the southeast corner of said Lot, thence north along the west boundaries of Main and Line Streets 92 feet, thence west parallel with the southern boundary of said Lot 241 feet more or less, thence south 92 feet to point of beginning, conveying and intending to convey that certain part above mentioned Lot 1 bounded on the north by Hughes property, on the east by Line and Main Streets, on the south by Harvey Street and on the west by the Owens property

less and except 110 feet off of the west side thereof.

(2.) 110 feet off of the west side of said part of Lot 1, Green Crowder's Survey, West Ward of Grenada in Grenada County, Mississippi conveyed to said R. H. Stokes by said deed aforesaid.

Witness my signature this 27th day of April, 1943.

## When Your Back Hurts -

And Your Strength and Energy is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

#### PETER AND JOHN PREACH TO SAMARITANS

LESSON TEXT—Acts 8:14-18.  
GOLDEN TEXT—Lift up your eyes, and look on the fields; for they are white already to harvest.—John 4:28.

The Church as it grows has problems, and so God calls leaders to serve Him in meeting and settling them for His glory and the good of the Church.

Philip had gone to Samaria (as a result of the first persecution of the Church) and there he had been used of God to bring many to faith in Christ. Now that the new groups of believers needed guidance and instruction, Peter and John were sent to help them (v. 14).

A proper understanding of, and attitude toward, God's gracious gift of salvation is of first importance. New converts must recognize that it is a gift: that it cannot be earned or bought, and that it issues in a life of service and testimony.

All three of these matters are covered in our lesson.

#### I. Spiritual Life and Power Is God's Gift to Believers (vv. 14-17).

The Holy Spirit was received by these early members of the Church by the laying on of the apostles' hands, but later He came directly into the believer's heart the moment he had faith in God. This is now our privilege, and the provision for our every need as followers of Christ, to recognize the indwelling Holy Spirit.

What a glorious truth it is that the believer is indwelt by the Holy Spirit, He who is a divine person, not just a power or influence (I Cor. 6:19). Thus every believer, including the humblest as well as the greatest, has in him the One who gives spiritual life and power; who gives grace for holy living, and empowers for service.

The greatest power in all the world—the power of the infinite God—is thus available to every true and yielded believer, as God's free gift.

Gone then is all boasting of our own strength, and gone are all excuses for weak and careless living. The power and grace are His, and He gives them to us as His gift. Christian friend, are you allowing the Holy Spirit who dwells in you, to inflame and use you as He will?

#### II. Spiritual Life and Power Cannot Be Bought by Works or Money (vv. 18-24).

Men of this world are so used to putting their trust in money that they come to think that one can buy anything. To them every man and every desirable thing must have its price. Let us be clear that there are men who cannot be bought, and that the best things in life bear no price tag. A mother's love, friendship, fellowship with God—priceless they are, but not for sale.

Above all let it be clear that eternal life, and the power of God the Holy Spirit, cannot be gained by piling up good works, nor by payment in the coin of this world.

Simon Magus wanted this power to improve his business as a magician. He made a very gross proposal, but one wonders whether he was any more to be censured than many in the Church today who are doing the same thing, though by more cultured and skillful methods.

Not only are there those who are trying to buy their own way into heaven, but also those who by holding the purse strings, try to control the message of the preacher. What about those who by their financial gifts seek to gain control of church organizations?

Their efforts are doomed to ultimate failure—God will see to that!—but in the meantime they do much harm to the cause of Christ. Many a church and pastor would like to rise up and say with Peter, "Thy money perish with thee."

#### III. Spiritual Life and Power Should Result in Testimony (v. 25).

Peter and John set the Samaritan Christians a good example as they went back to Jerusalem, by permitting the Holy Spirit to use them to testify and to teach the Word of the Lord in many of their villages.

One of the great hindrances to the carrying out of the great commission has been that Christians have received spiritual life, and even spiritual power, as though it were something for their own gratification or comfort. God saves us to serve Him in testimony and in life.

The Holy Spirit does not speak of Himself. He guides the believer in all truth (John 16:13), particularly the truth regarding Christ. The Spirit's primary interest is to glorify Christ (John 16:14).

It follows then that the Spirit-filled believer will be busy about speaking for Christ and glorifying His name. The Holy Spirit is ready to teach even the words to say that Christ may be lifted up and men be saved.

Peter and John, as good leaders of these new Samaritan believers, gave them by word and example a good foundation for growth in grace and usefulness to Christ.

## PATTERNS SEWING CIRCLE

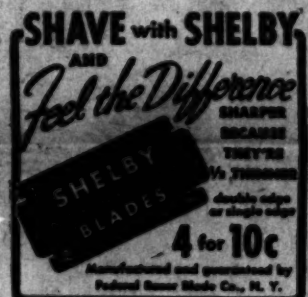

Her Own Bolero  
IT'S true, not every little girl can boast a bolero dress of her own! This one is something very special with its heart-shaped neck, huge pockets and bow-tied belt. The bolero itself might be worn with other dresses.

Pattern No. 8207c is in sizes 3, 4, 5, 6, 7 and 8 years. Size 4 bolero and dress take 2½ yards 35-inch material; 4 yards rick-rack.

### NO ASPIRIN FASTER

than genuine, pure St. Joseph Aspirin. World's largest seller at 10¢. None safer, none surer. Demand St. Joseph Aspirin.

### SNAPPY FACTS ABOUT RUBBER

Abolished new transport workers and supplies to both American rubber forests in Brazil. They were found rubber on the "Lava" but in the U. S. water and manure were common in carrying supplies to the rubber tappers.

When one considers that for more than 20 years our car and truck owners were encouraged to abuse their tires, through various forms of road law and government, it can be understood that a laudable patriotism is being shown by them now in conserving their rubber supplies.

Remember the days when 20 cents' worth of rubber was considered a luxury? Now the standard inflation recommendation of 10¢ per pound and 2¢ per ounce is the order of the day.

A new highway has been constructed to the Mississippi gold mines in Peru. But rubber is the most important item being mined over it.

*Jimmy Stewart*

In war or peace

**B.F. Goodrich**

FIRST IN RUBBER

Width Whittler

HERE is a real irresistible—a beautifully cut princess that whittles your width down to the minimum. It has such charm, too, with its neck-to-hem parade of bright rick-rack. Many a girl won't be able to put it down once she starts sewing on it! Sew and Save.

Pattern No. 8368 is in sizes 10, 12, 14, 16, 18 and 20. Size 12 takes, with short sleeves, 2½ yards 35-inch material; 13 yards rick-rack trimming.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Send your order to:

### Smart Dual-Purpose Blanket Chest You Can Easily Make and Cover

A SMARTLY flounced blanket chest with contrasting cushion serves as a convenient seat; and extra covers are right at hand on chilly nights.

Plan the size of your chest to fill your needs and space. It may be made of one-inch pine and should be about 17 inches high without the cushion. Make the

#### 60 Was Basic Unit

The ancient Babylonian numerical system had 60, not 10, for its basic unit, reports Dr. George C. Cameron, University of Chicago archaeologist who has been deciphering thousands of clay tablets.

While 10 can be factored evenly only by one, two, five and itself, the Babylonian unit had the advantage that it could be factored by one, two, three, four, five, six, ten, twelve, fifteen, twenty, thirty and itself.

## AROUND THE HOUSE

The best coat linings are made of slippery material which will help to get the coat on and off easily.

It's handy to have someone hold the skein of yarn on outstretched arms while you wind it into a ball. But if no one is present to perform this service for you, simply slip the skein over the lamp shade, loosen the top screw, and wind away. The shade will turn as you wind.

If your time is limited cut the vegetables into smaller pieces than usual; they will cook more quickly.

Since crisp cookies and crackers soften if kept with bread and cake, keep them in airtight tins or boxes of their own.

If there is a tear in your lace curtain, tack tissue paper over it, loosen the tension on your sewing machine, and stitch back and forth across the paper both ways until it is covered. A strong durable mesh will result. Paper may easily be removed when the curtain is laundered.

A common clothespin, split in half makes two ideal and economical pan scrapers which do not rust or scratch enamelware or precious aluminum.

### ASK ME ANOTHER?

A General Quiz

#### The Questions

1. What is the approximate weight of the average incendiary bomb?
2. Which is lighter, a steel ship or a wooden one of equal dimensions?
3. What is an apostate?
4. What is a will-o-the-wisp?
5. What is a chinook?
6. What two large cities in the United States, one on the East coast and the other on the West coast, have the same name?
7. What is a foot-pound?
8. What does nadir mean?

#### The Answers

1. Two pounds.
2. Steel ship.
3. A renegade.
4. A mysterious light that appears above marshes.
5. A wind.
6. Portland, Maine, and Portland, Oregon.
7. The energy required to lift one pound to the height of one foot.
8. The lowest point.

flounce with double fullness—that is, twice as long as the space it is to fill after it is gathered. The cushion may be filled with cotton padding, feathers or down.

## WEEKLY NEWS ANALYSIS

### Allies Tighten Tunisia Trap on Axis; Russ Offensive in Caucasus Menaces Germans' Bridgehead at Novorossisk; FDR Envisions Postwar Youth Service

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

Adm. William F. Halsey, commander of the U. S. naval forces in the South Pacific (right) is shown as he conferred with Hon. Walter Nash, New Zealand minister to the U. S., following Nash's arrival at Allied headquarters recently. Nash visited Halsey during an inspection tour of Pacific islands in which New Zealand troops are active.

#### TUNISIA:

##### Smooth Teamwork

Irresistibly the Allied offensive in North Africa had rolled on toward Tunis and Bizerte.

Like well-co-ordinated teams the various commands performed their tasks. Principal objective of the British First army had been the Axis last mountain barrier before the plain of Tunis in the Medjez-El-Bab sector. Chief assignment of Lieutenant General Patton's American troops had been the overwhelming of three enemy hill positions on the road to Bizerte. And although the American forces ran into heavy counterblows in their enveloping tactics around Mateur and Tebourba, they had continued to drive ahead.

While these two strategic movements were being carried out as a prelude to a combined Allied assault, French troops in the south executed a maneuver that had cut the Pont-du-Fahs-Enfidaville road and exposed the flank of the Axis troops facing General Montgomery's Eighth army.

While the Germans faced the inevitable decision of final surrender or annihilation their commanders were using every possible device to slow down the Allied advance. Resistance against the British First army had stiffened sharply at the crest of Bou Aoukaz mountain, overlooking the valley to Tunis.

#### RUSSIA:

##### Battles in the Air

While Berlin reports announced that a large-scale Russian offensive had been undertaken against the Nazis' Kuban bridgehead in the Caucasus, Moscow communiques said that aerial fighting was the principal activity along the far-flung front.

This aerial activity had various significances on various sectors. In the Caucasus, the Russian strategy was to wear down Nazi air power and thus enhance the Red army's efforts at dislodging the Germans from their bridgehead around Novorossisk.

In east Prussia, Red aerial bombing assaults were directed at breaking up concentrations of German troops and supplies being prepared for Hitler's spring invasion.

#### REFUGEES:

##### U. S.-Britain to Aid

Plans to ease the plight of war refugees in areas outside of occupied Europe and to reject any measures that might involve bargaining with Germany were believed by observers to have been embodied in a set of recommendations agreed on by delegates to the Anglo-American conference on refugee problems, held in Hamilton, Bermuda.

Observers indicated that the conference's recommendations include the temporary relocation in Africa of 80,000 refugees now in neutral countries until the end of the war, as well as provisions for the feeding and care of refugees unable to leave neutral countries.

#### TRAINING:

##### For Postwar Youth

The idea that the youth of America, making use of industrial plants and military camps might well give a year's service to their government in the postwar era was advanced by President Roosevelt.

Declaring that his recent inspection trip of war activities had convinced him that the armed forces and the home front factories are in their stride, the President said he was wondering what could be done after victory is won, with camps and plants in which millions have been invested. While he had no specific program to offer, he emphasized the benefits in physical condition and mental alertness that men and women in service and war-work uniforms had realized in the last few months. He indicated he thought their training should be extended to all young men and women in some form after we win the war.

Any program that might develop, he said, probably would be only partly military.

#### COAL SHOWDOWN:

##### FDR Moves Swiftly

Blunt had been President Roosevelt's warning to John L. Lewis, head of the United Mine Workers, to end the tie-up in the nation's soft coal fields.

The need for blunt action, however, had been clearly evident, for even at the moment the President had threatened to use his powers as commander in chief to prevent interference with the war effort, 75,000 miners already were on strike and a walkout of the entire 450,000 bituminous miners had been threatened.

Terming the miners' walkout as "strikes" against the U. S. government itself, the President said that such action was clearly a violation of labor's "no-strike" pledge.

#### JOBS VS. PAY:

##### Essential Shifts OK

As the War Manpower commission extended its employment stabilization program to the entire nation, workers anywhere in the United States were permitted to shift from one essential job to another at higher pay, provided such transfers "enhance the war effort."

Previously such job shifts could take place only in areas covered by the WMC's regional stabilization programs. The commission's action was taken after representatives of organized labor had protested that job transfers under the former regulations favored workers in the stabilization areas at the expense of workers in other regions.

Under the new plan, any worker in an essential industry may transfer to a higher-paying job in another essential industry if he obtains from his employer, from the U. S. employment service office in his area, or from his local WMC office, a "statement of availability" which declares that his transfer will benefit the war effort.

## HIGHLIGHTS . . . in the week's news

**CHORES:** Smith college students will be called upon to give one hour's service daily, without remuneration to the college in the hope of eliminating the necessity of an additional fee to meet rising cost, President Herbert Davis announced.

**BEER:** A beer rationing system limiting purchasers to 36 pints a month has been decided upon by the Ontario liquor board.

**MEMOIRS:** Paul Reynaud, former French premier now lodged in a small dark cell in a prison in the Pyrenees is spending his time writing memoirs.

**MARKSMANSHIP:** Allied medium bombers scored a direct hit on a 2,000-ton Japanese vessel in the Arara sea, north of Australia, the United Nations headquarters announced.

## HOUSEHOLD MEMOS... by Lynn Chambers

### Tulip-Shaped Tomatoes Are Welcome for Luncheon

(See Recipes Below)

#### Spring Luncheon

Rationing doesn't mean that you have to give up entertaining entirely. True, you may be serving dishes you've never served before, but if you've tucked your thinking cap at the right angle, you'll find many things with company manners which won't take too many ration points.

Be clever with your knives in shaping fruits and vegetables into attractive shapes and sizes for your guests, and use bright colors for garnishes and table accessories. Add a good portion of your own charm to make your guests feel at ease, and Madame, your entertaining will be a success!

Tulip-like tomatoes are a picture on any spring luncheon table.

\*Tulip Tomatoes Filled With Shrimp. (Serves 6)

- 6 tomatoes
- 1 cup finely diced celery
- 2 cups canned shrimp
- 1/4 cup french dressing
- 1/4 cup mayonnaise
- 1 tablespoon lemon juice
- Dash of cayenne pepper

Cut tomatoes in sixths with sharp knife, cutting through outside of tomatoes, and just enough so that each section can be pulled back to form a petal. Marinate shrimp in french dressing for 1/4 hour. Drain, then combine with celery, mayonnaise, lemon juice and cayenne pepper. Chill. Sprinkle inside of tomatoes with salt, then fill with shrimp mixture. Garnish with whole shrimp.

Smart idea for salad plates is to include a small scoop of two or three different kinds of salad to make a picture plate. Here are two splendid ideas:

#### Lemon Sunshine Salad. (Serves 6)

- 1 package lemon-flavored gelatin
- 1 cup boiling water
- 1 teaspoon salt
- 1 tablespoon lemon juice or diluted vinegar
- 1 cup cold water
- 1 cup finely shredded cabbage
- 1/4 cup finely grated raw carrot
- 1 tablespoon minced onion

Dissolve lemon-flavored gelatin in boiling water. Add salt and lemon juice or diluted vinegar and cold water. Chill until mixture begins to thicken, then add remaining ingredients. Do not shred vegetables until just before using or a large loss of vitamins will result.

#### Pineapple-Cottage Cheese Salad. (Serves 6)

- 1/2 cup cottage cheese
- 1/4 cup nuts, chopped
- 1 tablespoon pineapple juice
- 1 teaspoon sugar
- 6 slices pineapple, fresh or canned
- Green or red pepper
- Lettuce
- 1/4 cup salad dressing

Use grapefruit shells for serving fruit or seafood cocktail if you don't have enough dishes.

Iron rust may be quickly removed from white clothes if you squeeze lemon juice on the spot, sprinkle salt over it and place it in the sun. Repeat if the first application does not work.

Use warm water instead of cold for mixing flour for gravy. The use of a rotary egg beater helps smooth out lumps if they should occur.

You'll save time if you have an extra set of measuring spoons in the coffee container, and to keep a measuring cup in each container of flour, oatmeal and sugar. It saves time and encourages accuracy in measurements.

Lynn Says:

Nice to Know: Waxed paper wrappers from bread are good for wiping the top of the lid top range.

Use grapefruit shells for serving fruit or seafood cocktail if you don't have enough dishes.

#### Lynn Chambers' Point-Saving Luncheon Menu

- \*Tulip-Tomato Salad
- Brown Bread-Cream Cheese Sandwiches
- Lemon Sherbet
- Tea
- \*Recipe Given

Combine cottage cheese, pineapple juice and sugar. Add salt to taste. Place a mound of cheese on top of each slice of pineapple, then garnish with diamond shapes from green and red pepper. Serve on crisp lettuce with dressing.

A dark brown bread, fruity and tasty is excellent to serve with salad luncheons. If your salad does not include cheese, serve its fragrant slices spread thinly with cream cheese and jam or make dainty little sandwiches with butter spread thinly, add a bit of lettuce for crispness.

#### Baked Brown Bread. (Makes 1 14x22-inch loaf)

- 1 1/4 cups sifted all-purpose flour
- 2 1/4 teaspoons soda
- 1 1/4 teaspoons salt
- 1/2 cup sugar
- 2 cups graham or whole wheat flour
- 1/4 cup shortening
- 1 cup seedless raisins
- 2 eggs, beaten
- 2 cups sour milk
- 1/4 cup molasses

Sift flour, salt, soda and sugar together. Add graham or whole wheat flour, mix well. Cut in shortening until mixture is like meal. Add raisins and mix. Beat eggs, add sour milk and molasses. Add dry ingredients and blend together thoroughly. Pour batter into a well-greased pan. Bake in a moderate (350-degree) oven.

A lot of good quality protein, vitamins and minerals come in that neat little package, the egg! Right now you'll be finding they're plentiful, so make good use of them:

#### Eggs Creole. (Serves 4)

- 2 1/4 cups tomatoes
- 1 small onion, chopped fine
- 1/4 green pepper, chopped
- 1 teaspoon green pepper
- 1/4 cup fine bread crumbs
- 1/4 cup celery
- 4 eggs
- 1/4 cup grated American cheese
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 1 bay leaf

Cook tomatoes, pepper, onion, celery and seasonings together with bay leaf for 10 minutes. Strain, add bread crumbs. Place sauce in individual casserole dishes. Break eggs on top and sprinkle with salt, pepper and grated cheese. Bake in a moderate oven until eggs have set and cheese is melted.

Oatmeal puts plenty of vitamin B into diets and keeps you stepping with pep and energy the day long. Try these delicious cookies:

#### Honey Oatmeal Hermits.

- 1 1/4 cups honey
- 2 eggs
- 1/2 cup lard or other fat
- 1/4 cup warm water
- 2 cups quick-cooking oatmeal
- 3 cups flour
- 1 teaspoon soda
- 2 teaspoons baking powder
- 1/4 teaspoon salt

1 cup raisins or chopped dates  
Cream honey and fat until smooth and creamy. Add well beaten eggs and oatmeal. Add sifted dry ingredients alternately with warm water, saving only a small amount of flour to dredge raisins or dates. Blend in fruit and mix thoroughly. Drop by spoonfuls, 3 inches apart on a greased baking sheet. Bake 15 minutes in a moderate (350-degree) oven for 15 minutes.

Lynn Chambers welcomes you to submit your household queries to her problem clinic. Send your letters to her at Western Newspaper Union, 210 South Desplaines Street, Chicago, Ill. Don't forget to enclose a stamped, self-addressed envelope for your reply.

## CLASSIFIED DEPARTMENT

### HELP WANTED

SETTLED REFINED WHITE LADY to housekeep for working lady on farm. Good living conditions.  
O. E. FOLK CO., Marianna, Arkansas.

### SKIN IRRITATIONS OF EXTERNAL CAUSE

acne, pimples, bumps (blackheads), and ugly broken-out skin. Millions relieve misery with simple home treatment. Goes to work at once. Direct action aids healing, works the antiseptic way. Use Black and White Ointment only as directed. 10c, 25c, 50c sizes. 35 years success. Money-back guarantee. For vital cleansing in root action. Buy famous Black and White Skin Soap daily.

### NEXT TIME! YOU WONDER WHAT TO TAKE FOR THOSE PERIODIC PAINS MINOR ACHES HEADACHE

TRY **ACQUIN** "IT'S TOP!"  
Always Ask Your Druggist for Acquin Tablets

#### Hooked Fish

Fish suffer little if any pain when they are hooked, for there are very few nerves about the jaw which could cause the sensation of pain. Some trout have been known to be hooked two or three times in the same day—by anglers using the same type of bait.

### FOR QUICK RELIEF CARBOIL A Soothing ANTISEPTIC SALVE

Used by thousands with satisfactory results for 40 years—this valuable ointment. Get Carboil at drug stores or write Spurlock-Meal Co., Nashville, Tenn.

### Do You Need Pep?

### DON'T LET CONSTIPATION SLOW YOU UP

When bowels are sluggish and you feel irritable, headachy, do as millions do—chew FEEN-A-MINT, the modern chewing-gum laxative. Simply chew FEEN-A-MINT before you go to bed, taking only in accordance with package directions—sleep without being disturbed. Next morning gentle, thorough relief, helping you feel cool and alert. Try FEEN-A-MINT. Tastes good, is handy and economical. A generous family supply costs only 10¢.

### Enduring Others

That man is not himself blessed with a very happy temper who is unable to endure the cross-grained people with whom the world abounds.—La Bruyere.

### RHEUMATIC PAIN

Don't put off getting C-222 to relieve pain of muscular rheumatism and other rheumatic pains. Caution: Use only as directed. First bottle purchase price back if not satisfied. 60c and \$1.00. Today, buy C-222.

### Awkwardness

Awkwardness is a more real disadvantage than it is generally thought to be; it often occasions ridicule, and always lessens dignity.—Chesterfield.

### To relieve distress of MONTHLY

### Female Weakness

WHICH MAKES YOU CRANKY, NERVOUS!

Lydia E. Pinkham's Vegetable Compound has helped thousands to relieve periodic pain, backache, headache with weak, nervous, cranky, blue feelings—due to functional monthly disturbances. This is due to its soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such annoying symptoms. Follow label directions. Worth trying!

WNU-F 19-42

### Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wise when such signs appear. Doan's Pills, Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Doan's Pills

# The Grenada Bulldog

## FRESHMAN STAFF

**EDITORS:** Mary Jane Perry, Gerro Gwin  
**REPORTERS:** Mary Ellen Moss, Patty Ann Prather, Conrad Welker, Helen Dubard, Harvey Sykes, Margaret Clark, Bobby Alexander.

## WE FRESHMEN

Patty Ann Prather  
 We Freshmen are a jolly band  
 Of people both solemn and gay  
 We have pulled to help our land  
 Get rid of the war of today.

In the crippled children's drive, we  
 were first  
 To give with a willing heart.  
 We seem to have some sort of thirst  
 Always to do our part.

But, of course, as is always true  
 We have a few who slack.  
 But then there's only one or two  
 Who each time on us go back.

The fast ones help the slow along  
 and hope they'll leave none behind;  
 For we like to move in our own  
 throng  
 And keep each other in mind.

The end of school is very near  
 And we Freshmen will roam about  
 And because we'll be sophomores next  
 year  
 Not one of us shall pout.

## CHAPEL ASSEMBLY

At 3 o'clock Wednesday afternoon we, as usual, pledged allegiance to the American Flag. Then we sang several songs before Mr. Hathorn made two announcements. Bennie Moore, Senior Class President thanked everyone who cooperated in the Senior play. Then Mr. Rundle took over the service. His first words were of Mother's Day. He told how Anna Jarvis out of her love for her mother suggested that the second Sunday in May be set aside for Mothers. The scripture describes an ideal mother and the family's feeling toward her. After discussing this scripture, Mr. Rundle told a story that has been handed down from generation to generation. It was a beautiful story telling of an angel who came to earth and carried back as an emblem of his visit Motherly love because it was pure, wholesome, and everlasting. The next thing Mr. Rundle did was read a parable about a Mother who helped her children over the road of life. Then after a short prayer he said a few words of welcome to the pupils who wish to take advanced work in summer school. We were dismissed after Mr. Rundle's announcing his approval of the boys' playing baseball and inviting them to use the tennis court.

## JUNIOR CLASSICAL LEAGUE BANQUET

On April 21, the first and second year Latin classes held their annual Roman Banquet. It was held on the front lawn of the school house, and directed by Miss Pierce.

As each member arrived, he gave his sheet to a member of the "Toga Wrapping Committee" who draped him in his sheet and sent him to a table.

The banquet tables consisted of card tables laid flat, around which were rugs on which the guests reclined.

The meal was in courses, containing foods resembling as much as possible the foods of the Romans. Each course was preceded by a finger washing.

1st course radishes, celery, onions.  
 2nd course fried chicken, rolls, and olives

3rd course apples and candy  
 4th course punch.

The food was served by slaves dressed in short dresses. They also placed a garland of flowers on the head of each person before the punch was served.

The program was most interesting and enjoyable.

Mary Jane Perry.

## EXPRESSION RECITAL

Mrs. Hathorn will have an Expression Recital May 13, Thursday, at 8 p. m. The recital consists of three

parts both Grammar and High School pupils.

First there will be Tap dances and Readings by the Grammar School pupils. Next there will be a skit "Girls Will be Girls" by the Grammar School pupils and last the High School girls will give "Do You Remember," which is a short story.

Mary Ellen Moss.

## ALLIED YOUTH

The Allied Youth met Monday, May 3. They had as their program a very interesting motion picture, "It's the Brain that Counts", presented by John Warren in the absence of Miss Packles. All the high school students were invited to be present.

Helen Dubard.

## NEW GIRL RESERVE OFFICERS

The installation of Girl Reserve officers will be at the Presbyterian Church, Tuesday, May 18. The following are the new year's officers:

President, Margaret Geen; Vice-President, Ruth Talbert; Secretary, Julia Marie Guidry; Treasurer, Betty Jane Yeager; Service Chairman, Beebe Cullen; Social Chairman, Jean Geeslin; Membership, Margaret Spain; Pianist, Stella Irby; Song Leader, Catherine Herliac.

The farewell meeting for the Seniors will be May 13.

## MUSIC RECITAL

The annual music recital will be held Friday night, May 14, eight o'clock at the high school auditorium.

The program will include piano solos and the high school quartet. The public is cordially invited.

Gerro Gwin.

## DIET

We wonder why Billy Thelaman has on Freda's ring?

John Ed and Martha can't make up their minds about each other.

Buck looks as if he likes our freshmen girls.

Since the Senior boys are taking all our freshmen girls away, we're going to try the 5th grade.

Yours truly,

Freshman Boys

For Ruth Townes' Saturday night is not only a night to take a bath. More important Herbert comes to town.

Everyone is going to miss Mary Aldrich. In the short time she has been here, she has become a part of the school.

Warren is sophomore crazy. Which is it: Jean, Helen, Clarence or Jane?

Item from Miss Turner: Dorian English, why do Mary Ellen and Harvey gravitate toward each other?

Congratulations, Admirals Gore and McKell. We could pass on a few

hints as to some girls who wouldn't mind being Navy wives. Any volunteers?

Quote "A hint to the wise is sufficient." Boys, put a wig and a dress on Lynn and you'd have a pretty maid.

Why does Eva Gene call Barbara Hoffman "Bobbie"?

Is Conrad Welker interested in Olga? He follows George around.

The Eighth Wonder of the World: How certain cars around GHS keep going on A cards.

Bratts, Inc.

Grenada Coca-Cola Bottling Company

# The FIGHTING FIBER and Sergeant SEED

## ARE IN THE BATTLE FOR VICTORY

## Cotton Is America's No. 1 War Crop

Cotton is fighting on every battle front. The clothing our soldiers and sailors wear, the tents under which they sleep, the trucks and jeeps they drive, the airplanes they fly, the ammunition they use, the food they eat, the rubber boats and the parachutes which may save their lives, all contain cotton or products of this "fighting fiber."

Cotton lint and cotton linters are used to make:

- Clothing for our soldiers and sailors
- Tents for our fighting men
- Tires for our trucks and jeeps
- Surface cover for airplane spars and wings
- Fabric belts for machine guns
- Balloons and aircraft pontoons
- Harness for parachutes
- Inflatable life rafts
- Rubberized raincoats
- Smokeless powder
- Mattresses for selectees' hospitals
- Plastics for many products

## Cotton Seed Is Essential, Too!

Cottonseed meal is used for fertilizer to produce more corn, cotton, peanuts, soybeans, fruits, vegetables, potatoes, and other food products. It is used for feed to produce more hogs, cattle, milk, chickens and eggs.

Cottonseed oil is used to make many nutritious food products, including cooking oils, salad oils, and oleomargarine.

The 881,000 tons of cotton seed produced in Mississippi in 1942 represented 273,110,000 pounds of oil equal to the lard produced from about 13,655,500 hogs.

## Step Up the Staple to Meet War Needs

The United States has a two-year supply of short cotton but there is a shortage of long staple cotton. The production of cotton with staple lengths of 1-1/8 inches and longer must be increased in 1943 to meet vital war needs. There is no substitute in sight for long staple cotton. No one else can supply this need except farmers in the Delta and other limited areas where the soil is adapted to the production of long staple varieties. Failure to produce enough long staple cotton to meet war needs could bring disaster to American soldiers and sailors on the fighting fronts. Farmers who produce more long staple cotton will be helping to win the war and to help save the lives of American boys. Farmers in the hill counties where the soil is not adapted to growing long staple cotton should not plant any cotton shorter than 1-1/32 inch to 1-1/8 inches in staple length. They, too, will be doing their part by producing more of the kind of cotton which is needed. Only 5.5 per cent of Mississippi's 1942 cotton crop was shorter than 1-inch in staple length and this should be eliminated.

Because yields are lower and production costs are higher the United States Department of Agriculture has announced premiums on long staple cotton under the 1943 cotton loan program.

Mississippi's 1943 cotton goal is 2,490,000 acres. The state goal for long staple cotton is 1,036,000 acres. This is nine per cent more than the 950,000 planted to long staple in Mississippi in 1942.

## GET MAXIMUM COTTON PRODUCTION FROM EVERY ACRE IN '43

To obtain maximum production per acre the Mississippi Experiment Station and your county agent recommend the following practices:

- Select the best land available
- Prepare to fight boll weevils
- Plant recommended varieties

**MCCARLEY STEAM LAUNDRY - CLEANERS**  
**GRENADA OIL MILL**
